I spoke with Ed, and neither of us thought the AOC form included an entity name. However, if Bonni Kaufman said the name is incorrect on the AOC, Ed said it was fine if she wants to scratch through the incorrect name, enter the correct company name and then sign the AOC. The EPA will accept that document.

Cindy:

Bonni Kaufman for Quala Systems said that Ed sent her the AOC with the wrong name on it and was going to correct it and resend it. Do you know if that is correct?
